Work Experience

Oct. 2018 - May 2020

Director of Operations | TexasFITT

texasfitt.com

Directed a team of 50 employees. Maximized work efficiency and quality by developing systems to properly and evenly distribute tasks. Scheduled employees for shifts taking into account customer traffic and employee strengths. Handled and proceesed all financial reports including revenue, expenses, and payroll. Lead graphic designer in charge of devleoping designs for marketing including social media, display, banners, signs, advertisements and print materials. Implemented and maintained various operating systems and software deployments as well as handled any and all issues relating to networking, online security, and system failures.

Mar. 2019 - Current

Front End Web Developer | TexasFITT

texasfitt.com

Performed a complete rework and update to TexasFITT's website to better showcase their new and improved fitness facility. This project was built on Wordpress for ease of use in the client's hands.

May 2015 - Oct 2018

Manager | The Tin Cup

tincupdeli.com

Directed a staff of roughly 10 employees. Scheduled employees for shifts based on customer traffic. Provided customer service support in situations involving disgruntled customers. Responsible for inventory control. In charge of employee relations.

Freelance / Projects

Freelance

Front End Web Developer | BLK Fox Creative

blkfoxcreative.com

Developed a website using vanilla HTML, CSS, and Javascript based off of custom designs created in Photoshop.

Project

Front End Web Developer | The Amazing Spiderman

spiderman.harriscarney.com

This was a fun project meant to replace the current landing page for The Amazing Spiderman, a game created by Insomniac Games.

Project

Software Developer | Fitsurance

Fitsurance is a python web crawler packaged as a desktop application made to make verifying fitness coverage by health insurance easy.
